

Mary,

Enclosed are:

- ① New-and-improved "intro" to the project.
↳ Except that having congresspeople appear with us is overemphasized.
- ② "update" letter on project, divided into (5) parts, which clarifies goals, and areas we need help in.

You can use these in contacting ppl/organizations (if you want, I can email these files to your account so you can modify them before giving/mailling them to people?)

I'm probably going to have to skip tea (even 2:30-3:30 class) to make some east-coast calls - could you ask for some \$ at tea? [I've already talked to Mo and Alan about it, for example, so I'm sure they would be willing] We have some \$2-10 to raise. I expect ~\$50 from my Amnesty ~~map~~ contacts, and Gail Shepherdson said \$25 (did she call you yet? Her # 955-7449)

Could you find the # for H-W Party or Tim Evans (which would be better for contacting Jacksons #?)? (or "Rainbow Coalition" phone #? or "P.O. Vis. Ho"?)
→ I'm working on other leads, but it's best to work in parallel in the case of a "bigshot" like Jackson.

Talk to you (probly) tonight. Love
